

PRESS RELEASE

Town of Fort Frances

FOR IMMEDIATE RELEASE – April 23rd, 2022

The Town of Fort Frances Municipal Emergency Control Group has declared a state of emergency due to a critical infrastructure failure. Town Officials have been working around the clock to keep the system flowing. Additional resources have been mobilized to further help alleviate the demands on the system and facilitate repairs.

Weather forecasts remain the same, with additional rainfall over the next 24 hours. Therefore, it is imperative for residents to ensure that their sump pumps are not connected to the sanitary sewer.

We thank you for your patience and understanding and would like you to be reassured that we will continue to monitor the situation and work to keep the public informed through 93.1 The Border and our Town of Fort Frances Facebook and Twitter pages.
